**NVA Masterclass 2013**

Friday - November 1 - 2013  
Stadskaasteel Oudaen, Utrecht

## Welcome

Join the NVA Masterclass 2013, November 1st, Utrecht.

This annual event of the Dutch Arthroscopy Society (Nederlandse Vereniging voor Arthroscopie - NVA) is famous for the in-depth presentations of specific arthroscopic topics. The NVA Masterclass 2013 will detail the biceps tendon of the shoulder by international experts (Frank Gohlke, Pascal Boileau, Roger van Riet and Jaap Willems). I compliment the scientific committee, chaired by Duncan Meuffels, with yet another excellent program. There will be ample time for discussions, case reports and questions that you might have for the expert panel. Afterwards, we will enjoy drinks at the charming Stadskaasteel Oudaen, Utrecht, The Netherlands.

*See you in Utrecht on November 1, 2013!*

*Rob P.A. Janssen, NVA President*

### Venue

Stadskaasteel Oudaen  
Oudegracht 99  
3511 AE Utrecht

### Registration

You can register online through [www.scopie.org](http://www.scopie.org)
